### **REASONS FOR ALLOWANCE**

1. The following is an examiner's statement of reasons for allowance:

Claim 1 has been found to be allowable over the prior art of record because the prior art fails to teach or suggest a motion-generating illuminated inflatable decoration comprising: a mounting base having an intake air entrance, an inflatable body mounted on the mounting base, an inner space and an interior periphery with a desired exercising position; a dynamic controlling device mounted in the inner space of the inflatable body and comprising a cord driving motor and a pulling cord drawn by the cord driving motor and having a proximal end wrapped around the rotating shaft of the cord driving motor and a distal end fastened on the desired exercising position of the interior periphery of the inflatable body to cause a motion of the inflatable body at the desired exercising position, in combination with the remaining limitations of the claim.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
